W A R R A N T
STATE OF NEW HAMPSHIRE
Town of Newmarket

To the Inhabitants of the Town of Newmarket in the County of Rockingham in said State, qualified to vote in town affairs.

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the 2nd day of March, 1976, to act on the following subjects:

(POLLS WILL BE OPEN FROM 10:00 A.M. TO 6:00 P.M.)

1. To choose all necessary Town Officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year; as may be necessary for General Government including Town Officers' salaries and expenses, election and registration, town buildings, for the protection of persons and property, including the Police Department, for health and sanitation, vital statistics, general expenses of the departments, for education and the public library, for charities, including decoration of soldiers' graves, for recreation for indebtedness to other governmental divisions, and to pay all other necessary charges arising within said Town.
3. To see if the Town will vote to authorize and empower the selectmen to borrow money for necessary expenditures; in anticipation of the collection of taxes.
4. To see if the Town will vote to allow a discount of two percent (2%) on all taxes except resident taxes, if paid

within fifteen days (15 days). Deadline for allowance of discount to be printed on tax bills.

(Recommended by Budget Committee)

5. To see if the Town will vote to accept the budget as submitted by the Budget Committee.

6. To see if the Town will vote to authorize the Selectmen to sell property of the Town acquired by Tax Collector's Deeds, as a result of tax sale at public auction.

7. To see if the Town will vote to authorize withdrawal from Federal Revenue Sharing Funds, for use as set-offs, against budgeted appropriations for the following priority purposes and in the amounts as indicated, or take any other action hereon:

Reappraisal and Tax Map	\$ 5,000.00
Recreation	\$ 1,000.00
Hot Topping Program	\$10,000.00
Oyster River Home Health Association	\$ 2,000.00
Town Officers Expenses	\$ 5,000.00
Town Hall and Other Buildings	\$ 5,000.00
Old Age Assistance	\$10,000.00
Street Lighting	\$12,000.00
	<hr/>
	\$50,000.00

(Recommended by Budget Committee)

8. To see if the Town of Newmarket will vote to rescind Warrant Article 11 passed at the Town Meeting March 6, 1973, prohibiting the sale of Town water beyond the boundaries of Newmarket.

9. Elderly Exemption — "Shall we adopt the provisions

of RSA 72:43b and 43c for expanded exemptions on real estate which provide for a resident sixty-five years of age up to seventy-five, a five thousand dollar exemption; a resident seventy-five years of age up to eighty, a ten thousand dollar exemption; a resident eighty years of age or older, a twenty thousand dollar exemption; provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least five years as man and wife; said resident had a net income of less than seven thousand dollars or combined income with spouse of less than nine thousand dollars; and owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of thirty-five thousand dollars.”

10. To see if the voters of the Town of Newmarket will appropriate the sum of two hundred and fifty dollars (\$250.00) to support the “Seacoast Arts, Inc.”.

(Not Recommended by Budget Committee)

11. Are you in favor of returning to the Australian ballot system for the election of Town Officers?

(Submitted by Petition)

12. To see if the voters of the Town of Newmarket will vote to raise the sum of twenty-two thousand, two hundred sixty-four dollars and eighty cents (\$22,264.80) to purchase a new ambulance. Eight thousand, six hundred fifty-three dollars and eighty-one cents (\$8,653.81) to be federally funded, eight thousand dollars (\$8,000.00) to be withdrawn from the ambulance capital reserve fund, the balance of five thousand, six hundred eleven dollars (\$5,611.00) to be raised by taxes. This article will be contingent on the availability of federal funds.

(Recommended by Budget Committee)

13. To see if the Town of Newmarket will vote to authorize the Selectmen to enter into any contracts as may be deemed necessary with the University of New Hampshire and other cooperating towns; to participate in a refuse recovery system.

14. To see if the Town of Newmarket will vote to establish a mandatory rubbish separation program wherein glass, paper, and cans will be placed in separate containers, for delivery to a refuse collection point.

15. To see if the Town of Newmarket will vote to raise and appropriate the sum of Eighteen Hundred Dollars (\$1,800.00) to provide the necessary containers for storage of recyclable materials.

(Submitted Without Recommendation)

16. To see if the Town will vote to pay members of the Fire Department One Hundred Twenty-two Dollars (\$122.00) in addition to that required by law.

(Recommended by Budget Committee)

17. Shall we adopt the provisions of RSA 72:62 for a Property Tax Exemption on Real Property equipped with a solar energy heating or cooling system which exemptions shall be in the amount of one hundred percent (100%) of the value of the solar heating and cooling system?

(Submitted by Petition)

18. To see if the voters of the Town of Newmarket will vote to appropriate the sum of One Thousand Dollars (\$1,000.00) as Newmarket's share of operating the Area Homemaker-Home Health Aide Service.

(Recommended by Budget Committee)

19. To see if the Town will vote to appropriate the sum of Four Thousand Dollars (\$4,000.00) over a two year period to have a permanent plaque installed at the Band Stand with the veterans of World War II, Korean and Vietnam War names inscribed. To be completed before May 1977.

(Submitted by Petition)

(Submitted Without Recommendation)

20. To see if the voters of the Town of Newmarket will vote to raise and appropriate the sum of Six Thousand Four Hundred and Forty Dollars (\$6,440.00) to be used to build an addition to our present fire house.

(Recommended by Budget Committee)

21. To see if the voters of the Town of Newmarket will vote to appropriate the sum of Three Thousand Dollars (\$3,000.00) for the services rendered to residents of this town by the Seacoast Regional Counseling Center.

(Not Recommended by Budget Committee)

22. We the people of Newmarket do hereby petition the rescindment of Article XII designated as Administration, passed at the Town Meeting November 7, 1972, which in substance prohibits the people of Newmarket from erecting, altering, remodeling and demolition of buildings, the installation of or alteration of electrical wiring, heating systems and swimming pools without first receiving permits.

(Submitted by Petition)

23. To see if the voters of the Town of Newmarket will vote to authorize the Selectmen to negotiate the purchase of the land and building on the westerly side of Gerry Avenue and to present said negotiated proposal to the

voters of the Town for their acceptance or rejection as soon as this can legally be accomplished.

24. To see if the Town of Newmarket will authorize the Selectmen to withdraw up to Eight Thousand Dollars (\$8,000.00) from the Ambulance Capital Reserve Fund.

(Recommended by the Budget Committee)

Given under our Hands and Seals this 16th day of February, 1976.

PHILIP G. HENDRICKX
FRANK M. SCHANDA
RICHARD F. LaBRANCHE

Selectmen of Newmarket, N. H.

We hereby certify that we gave notice to the Inhabitants within named, to meet at the time and place and for the purpose within mentioned by posting an attested copy of the Warrant at the place of meeting within named, and a like copy at the Post Office, being a public place in said Town, on the 16th day of February, 1976.

PHILIP G. HENDRICKX
FRANK M. SCHANDA
RICHARD F. LaBRANCHE

Selectmen of Newmarket, N. H.

REPORT OF THE SELECTMEN

To the Citizens of the Town of Newmarket, New Hampshire:

The Board of Selectmen submits its annual report for the fiscal year ending December 31, 1975.

INVENTORY APRIL 1

	1974	1975
Land	\$ 1,831,881.00	\$ 11,243,650.00
Buildings	9,945,453.00	19,853,625.00
Factory Buildings	711,175.00	1,346,400.00
Electric Plants	385,560.00	1,158,500.00
House Trailers, Mobile Homes	367,325.00	391,594.00
Boats	6,875.00	2,900.00
<hr/>		
Total Valuation Before Exemptions Allowed	\$ 13,248,269.00	\$ 33,996,669.00
Current Land Use		-945,585.00
Blind Exemptions	-4,200.00	-6,600.00
Elderly Exemptions	-197,845.00	-197,800.00
<hr/>		
Net Valuation For Tax Rate	\$ 13,050,424.00	\$ 32,846,684.00

1974 Tax Rate \$5.00/Hundred

1975 Tax Rate \$2.30/Hundred

ANNUAL PROGRESS REPORT OF THE SELECTMEN

The Selectmen respectfully submit to the citizens of the Town of Newmarket, a summary of projects that were undertaken during the past year and their status to date.

The large metal culvert for the Grand Road bridge near the old Doe residence was installed and the road in that area was widened and straightened.

The sewer line from the corner of Packers Falls Road and Route 152 was installed. This completes all the work that the town had agreed to do in conjunction with the installation of Newmarket's primary sewerage treatment system.

The present dump area for the town has been changed from an open-burning dump to a land fill area: with burning of materials restricted to those items allowed by law. This has noticeably reduced the smoke pollution in the area and should result in a drastic reduction in complaints from area residents.

The town's hot topping program has been progressing but at a slower mileage per year rate due to the increase in cost for the materials.

The town and School District voters approved the funds for the building of a community recreation area. The contracts have been awarded and the project is slated for completion during the summer of 1976. In conjunction with this project the town hired a person to help supervise the construction of the recreation area and to plan for additional recreation projects throughout the town. The money for this person was obtained through the manpower pro-

gram which limits the cost to the town, to the town's share of the employee's social security and any fringe benefits accorded to other permanent town employees.

Under the same manpower program, the town was able to obtain funding for the following positions: public works department laborer, public works department maintenance man, town buildings maintenance man and a clerk for the police department.

The selectmen ran the summer employment program for disadvantaged children this year and many worthwhile projects were scheduled and completed by these young people. The cost to the town for this summer employment program was very small, consisting of materials needed for the scheduled projects. The selectmen would like to take this opportunity to congratulate the young people who participated in this program, for a job well done.

The selectmen wish to thank all of the townspeople for their help and understanding during the year.

The selectmen's meetings are held every Wednesday evening at 7:00 p.m. at the town office. We welcome anyone who wishes to attend these meetings.

Respectfully submitted,

Board of Selectmen

Philip G. Hendrickx, *Chairman*

REPORT
OF AN EXAMINATION AND AUDIT
OF THE ACCOUNTS AND RECORDS

of the

Town of Newmarket

For the Fiscal Year Ended

December 31, 1975

made by

PLODZIK AND SANDERSON

Accountants and Auditors

Concord, New Hampshire

PLODZIK AND SANDERSON
Accountants and Auditors
Concord, New Hampshire

January 24, 1976

AUDITORS' OPINION

We have examined and audited the accounts and records of the Town of Newmarket, New Hampshire for the fiscal year ended December 31, 1975.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In accordance with the practices followed by the Town of Newmarket, there is no record of the fixed assets or capital contributions in the Water and Sewer Departments (Enterprise Funds). Likewise, no inventory records are maintained. Because of the material effect of the omission of fixed assets and related depreciation on the financial position, we do not express an opinion on the financial statements of the Enterprise Funds as of December 31, 1975.

In our opinion, subject to the qualifications in the preceding paragraph covering the Enterprise Funds, the accompanying balance sheets and statements of sources of revenues and expenditures present fairly the financial position of the Town of Newmarket, New Hampshire at December 31, 1975 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

PLODZIK and SANDERSON

January 24, 1976

LETTER OF TRANSMITTAL

Board of Selectmen
Town of Newmarket
Newmarket, New Hampshire 03857

Gentlemen:

In accordance with your request, we have examined the books and records of the Town of Newmarket, New Hampshire for the fiscal year ended December 31, 1975 and have prepared the attached exhibits and schedules in conformity with the recommended format prescribed by the Municipal Services Division of the State of New Hampshire.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Ambulance Corps, Public Library, Municipal Court and Trustees of Trust Funds.

FINANCIAL STATEMENTS

General Fund:

Balance Sheet: (Exhibit A-1)

A balance sheet which discloses the financial condition of the general fund as of December 31, 1975 is presented in Exhibit A-1. As indicated therein, the current surplus of the Town amounted to \$11,311 at December 31, 1975.

Comparative Statement of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-2 and A-3)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1975 are presented in Exhibits A-2 and A-3. As indicated by the budget summary (Exhibit A-3), a net unexpended balance of appropriations of \$12,463, plus a revenue surplus of \$3,808, resulted in a net budget surplus of \$16,271 for 1975.

Capital Projects Fund:

Balance Sheet: (Exhibit A-4)

A balance sheet which discloses the reserves and fund balance of the capital projects fund as of December 31, 1975 is presented in Exhibit A-4.

Long-Term Indebtedness:

Balance Sheet: (Exhibit A-5)

A balance sheet disclosing the long-term indebtedness of the Town as of December 31, 1975 is included in Exhibit A-5. As stated therein, the long-term debt of the Town amounted to \$968,000 at December 31, 1975.

Statement of Debt Service Requirements: (Exhibit A-6)

A statement showing annual debt service requirements of principal and interest is contained in Exhibit A-6.

Enterprise Funds:

Sewer and Water Departments:

Balance Sheets: (Exhibits A-7 and A-9)

Balance sheets of the sewer and water departments as of December 31, 1975 are presented in Exhibits A-7 and A-9. Cash statements of receipts and expenditures of the sewer and water departments are contained in Exhibits A-8 and A-10. As noted in our auditors' opinion, there are no fixed asset or contributions in aid of construction accounts main-

tained for these funds. Likewise, there is no record of inventory maintained. Therefore, we do not express an opinion on the financial statements of the Enterprise Funds as of December 31, 1975.

OTHER FUNDS AND OFFICIALS' ACCOUNTS

The accompanying supplemental exhibits covering segregated funds and the accounts of those officials entrusted with the custody, receipt or expenditures of Town funds, are presented in accordance with the current requirements of the Municipal Services Division of the State of New Hampshire. Although, not considered necessary for a fair presentation of the financial statements and results of operations, our examination of these accounts included the same tests and auditing procedures applied in the examination of the aforementioned financial statements. In our opinion, these exhibits are stated fairly in all material respects when considered in conjunction with the financial statements taken as a whole.

RECOMMENDATIONS

We recommend that the Town consider the implementation of a mechanical accounting system that would perform multiple accounting functions in a single operation, thereby eliminating duplicate record keeping and facilitate monthly and year end reporting, so essential for municipal operations of this type.

We extend our thanks to the officials and office staff of the Town of Newmarket for their assistance during the course of the audit.

Very truly yours,

PLODZIK and SANDERSON

ANNUAL REPORT OF THE BOARD OF WATER COMMISSIONERS

The past year has seen some expansion in the water system, most of which was made possible by the aid of private individuals and in one case, by another department.

Three hundred feet of water mains were laid by the water department on Lang's Lane at the request of Harold Melendy who provided funds for the purchase of the necessary pipe.

The water main loop with necessary hydrants has been installed in the Sliding Rock Project by a private contractor at the expense of developer Walter W. Cheney. The Water Department has tapped the main and installed valves at Beech and Cedar Streets in preparation for connecting onto the Sliding Rock Project loop.

One thousand feet of ten inch water main has been laid from South Main Street into the new Recreational Park. Funds for the work were provided by the Department of Parks and Recreation. There remains only about six hundred feet of main to be laid to complete the loop from South Main Street to Great Hill Terrace. Completion of this loop should provide better fire protection for the High School by increasing the pressure under flow to the hydrants in the area and, therefore, rates high priority on the list of improvements to the water system.

The gravel packed well completed last year in the "Plains" area and now officially called Bennett's Well, is producing 280,000 gallons of water per day on the average. This is over one half of the total volume of water used by the Town.

1975 has not been entirely free of disappointment and frustration for the Water Board. Progress on the top priority item on our list of improvements planned for the

water system, namely the construction of a new water storage tank, has come to a standstill for want of funds. All efforts to obtain Federal Funds to aid in carrying out this project have failed. The Board has employed professional help in applying for funds; but the Federal Bureaus involved contend that our project is not eligible. A letter of September 4, 1975 from the F.H.A. states, "Our calculations indicate that with a reasonable rate schedule, Newmarket could support this project with a bond issue". The Board was then referred to a reply to an earlier application for funds which defined "A reasonable rate schedule" as follows: "The median income for Newmarket is \$8,288. based on a 1970 census and using our basic requirements for grants that 1% of the median income be used toward debt service, the average residential user would have to pay \$83.00 plus the cost of operations and maintenance resulting in an average annual user cost in the range of \$120.00 to \$150.00."

The prospect of having to increase yearly water user rates to \$120. - \$140. per customer is highly disturbing to this Board. It is the general feeling among the Board members that the construction of a new water tank or any other large scale additions to the water system should be the responsibility of all the taxpayers as is the construction of a new sewer plant or school addition or other town facilities, and that funds should be raised by general taxation rather than impose on water users rates that are grossly out of proportion to those charged in surrounding communities.

Regardless of the method used, funds must be raised and the sooner the better. A report compiled by the firm of Weston & Sampson dated December, 1968 recommends the construction of a one million gallon storage tank at a cost of \$125,000. The same tank today costs \$230,000! Each year that the project is postponed brings us nearer to the morning when we awaken to find we no longer have a tank, and no reservoir for fire protection. The present tank is nearly

eighty-two years old and has long since outlived its reasonable life expectancy. Only the diligence of water department superintendents past and present has kept it in working order this long. How much longer this can go on before the walls of the tank become too thin to hold repair plugs or weight of the water any longer, is strictly guesswork. The Board is hopeful that the citizens of Newmarket will become aware of the urgency of the need for a new tank, and will be favorable to raising the funds for its construction while the old tank is still intact.

Below is a list of projects for improvements to the water system in order of their present priority and with estimated costs.

1. Proposed 1,000,000 gallon water storage tank on Great Hill \$230,000.
2. 3,700 ft. of 18 water main connecting new tank to center of Town \$156,000.
3. Improvements to existing water treatment plant \$330,000.
4. Proposed fire loop—1400 ft. of 10" main from Great Hill Terrace to South Main St. at High School \$40,000. This loop over one half completed under construction funds for Recreational Park.
5. Proposed loop—675 ft. of 8" main from Great Hill Terrace to end of Main on Maple St. \$16,000.
6. Proposed loop—900 ft. of 8" main from Pine St. to Elm St. at Beech St. \$22,000.
7. Proposed loop—900 ft. of 8" main from Beech St. to end of Nichols Ave. main \$21,000.

We have a long way to go; let's not bog down on the first step!

Respectfully submitted,

ANNUAL REPORT OF THE NEWMARKET SEWER COMMISSIONERS

The Sewer Commission has received a Grant of \$38,460.00 from the Environmental Protection Agency (EPA) for the purpose of preliminary survey and design for sewage and sewerage treatment facilities. Engineering services are being provided by Wright-Pierce-Barnes & Wyman Engineers and Planners of Portsmouth.

At present W. P. B. & W. is collecting technical data required to develop the preliminary survey and design for secondary treatment as required by E. P. A.

Replacement of the old sewer main on the Packers Falls Road and North Main Street was accomplished.

Funds raised by sewer rates should cover all expenses budgeted for the coming year.

The sewer commissioners meet the first Monday of the month at 7:00 P.M. at the sewer treatment plant.

Respectfully submitted,

LIBRARY REPORT 1975

In anticipation of our Bicentennial and with great pride in our building, we have continued the improvements to the Library, both inside and outside.

New draperies were installed in the fall, just in time for the Newmarket Designation Day.

Shrubs and trees were planted on the southern side, along the old mill wall. This is our contribution to the many Mini-Parks the town hopes to have located in many areas.

A second fuel barrel was installed so that fewer deliveries need to be made.

Due to heavy rains, the roof was damaged and the ceiling in the second room needed repairs.

Meetings were held in the tower room by several town groups in the winter months.

A new Story Hour was set up for the children by storyteller, Mrs. Sherry Bentley.

A new set of Britannica Encyclopedias was added to the library.

The Library Events of the year include:

January — Librarian to Epping for District Advisors Council meeting. A new bookstack is installed in the second room. Boy Scout Week exhibit in Tower Room.

February — Meetings of Historical Society, Boy Scouts and Story Hour in Tower Room.

March — Story Hour becomes regular activity at Library for the next three months, thanks to Mrs. Sherry Bentley, of Exeter Rd. Movies are also shown through March.

April — Meetings include use of Tower Room by IFFY speaker, Girl Scout meeting to discuss Bi-centennial plans.

Cub Scout Soar Project, D.A.C. meeting of librarian in Atkinson and Book Meeting, Exeter. Librarian attends workshop in Londonderry; Extension Service meeting Tower Room; Story Hour is completed.

June through August — Mrs. Harding is very busy attending many meetings besides her regular duties. Her shell collection is also shared with the 3rd graders at school.

October 18 — Open House at Library, with Coffee Hour, for Bi-Centennial Flag Day celebration.

October/December — Meetings include: Poster workshop in Stratham, DAC at Exeter Library and Plaistow, Bookmobile.

A gift of 2 books was received from the Hendrickx family.

We again thank all connected with the library for an eventful year.

Respectfully submitted,

LORRAINE SHELTON, *Secretary*
JOANNE HAUSCHEL, *Chairman*
ROBERT SEWALL, *Treasurer*
TRUSTEES OF THE LIBRARY

REPORT OF THE NEWMARKET POLICE DEPARTMENT

As can be seen by the listed statistics, 1975 was a very busy year for your Police Department.

Regrettably, three young people died on the roadway in Newmarket in two separate accidents.

It becomes even more tragic when it is realized that both tragedies could have been averted if only the operators of the vehicles involved had obeyed the speed laws and other motor vehicle laws.

Motor vehicle law enforcement is one of the primary functions of your Department, and for the express purpose of keeping our roadways safe.

All motor vehicle laws were made towards this end. All too often we take action against the stop sign violator, or the person who leaves his car parked on the roadway, the reaction is: why don't you "get" the serious offender? The truth of the matter is, this *is* the serious offender. The individual who leaves his vehicle parked half way in the roadway or on the brow of a hill could be just as responsible for someone's death or injury as the so-called hot-rodder.

The person who fails to have his car inspected because his tires are getting worn could very well be the same individual who has tire failure and causes a disastrous accident.

The next time you are tempted to fault the Police Department for "picking" on you or a friend, stop a minute and think of why.

One second of thoughtlessness could cause a lifetime of anguish and grief.

As we all know, crime has increased over 30% from last

year's total in the Northeastern states. It is sad to say that it has increased in our town proportionately. I believe a large part of the blame for this increase can be placed on each and every one of us who follows the policy of non-involvement. This includes those of us who do not demand from our law-makers and courts swift, fair, and consistent decisions.

Those of us who will stand by and do nothing while observing laws being broken because they don't want to get involved, are directly responsible in part, for this huge increase in crime. And, to add insult to injury, all too often it is the same citizens that bemoan the fact that crime is increasing, and yet, fail to do anything about it.

In this coming year, let's all resolve to do something about it. Let's all take a hand in making Newmarket a better place to live.

Respectfully submitted,

PAUL GAHAN
Chief of Police

**NEWMARKET POLICE DEPARTMENT
COURT CARDS ON FILE FOR 1975**

The following are cases brought before the Newmarket Municipal Court during the year 1975:

MOTOR VEHICLE

- 22 Driving While Intoxicated
- 150 Speeding Violations

- 32 Assists to Ambulance
- 43 Reports of Malicious Damage to Property
- 42 Escorts (bank, etc.)
- 46 Relays (transportation of people stranded, etc.)
- 143 Doors Found Unlocked (businesses)
- 50 House Checks (request of citizens on vacation, etc.)
 - 7 Heating Lights (indicate furnace malfunctions in various buildings)
- 3 Bomb Threats
- 135 Defective Equipment Tags Issued (motor vehicle)
- 70 Motor Vehicles Towed (overnight parking ban, etc.)
 - 5 Missing Persons Reported
 - 2 Suicides
 - 1 Attempted Suicide

3 Unattended Deaths
303 Dog Complaints
12 Items Stolen Property Recovered (within town limits)

COURT CASES BY THE YEAR

FROM 1969 - 1975

1969 total was 79; 1970 total was 184; 1971 total was 310;
1972 total was 292; 1973 total was 472; 1974 total was 457;
1975 total was 510.

FIRE DEPARTMENT REPORT

We would like to report to you that the new pumper that was ordered in May 1974 was put into service on December 12, 1975. The fire truck is an American LaFrance Pumper Pioneer II - 1250 GPM which carries 750 gallons of water. There are 1500 feet of 2½" hose and 700 feet of 1½" hose and has a 1" booster hose. There is also much more equipment such as Jet X ultra high expansion foam, which will extinguish Class A and Class B fires, gasoline and other flammable liquids.

This piece of equipment will also be equipped with tools for extricating persons from accidents.

In updating our department, five more tone radios have been added to our communications system. These radios allow us to dispatch men to an emergency without the use of the fire alarm.

In the past year we have gone into fire prevention. In noting the drops in the number of fire calls we have had, we believe this has been an asset to both us and the Town. If we can be of any help in giving information pertaining to this subject, please feel free to call on us and we will be happy to help you in any way we can.

In case of emergency our station has been set up so we can handle calls for not only fires but also police and ambulance. This has been set up in case of power failure.

Requirements have been met for fire schooling by the officers and the men again this year.

The Board of Engineers would like to thank all the people handling the "Red Line Phone Network". This is the line that is answered when a call of fire is phoned in. It is

manned 24 hours a day at six different locations. The following are the people who handle these phones:

Mr. and Mrs. Wilfred Beaulieu
Mr. and Mrs. Robert Pratt
Mr. and Mrs. Robert Keller
Mr. and Mrs. Herbert Philbrick
Town Office

The other phone location is at the Fire House. This is done at no cost to the Town or Fire Department.

A reminder that a written permit must be obtained before having any outdoor fires. This does not pertain to a charcoal stove above the ground.

Under no conditions shall a fire be kindled at the dump without a written permit from the local Warden of the State District Fire Warden.

Remember that all fires shall be before 9:00 a.m. or after 5:00 p.m. No fires shall be kindled between 9:00 and 5:00.

The following are the numbers to call for permits:

W. Beaulieu, Warden	659-3927
B. Beaulieu, Deputy Warden	659-3927
R. Butler	659-5842
R. Pratt	659-5392
H. Philbrick	659-3216
E. Philbrick	659-3216

We would like to express our thanks to all members of our Fire Department for their cooperation and a job well done.

Respectfully submitted,

WILFRED BEAULIEU

TOTAL CALLS FOR YEAR	99

NEWMARKET CIVIL DEFENSE — 1975

Your Newmarket Civil Defense has the following to report for 1975:

Since the name of Civil Defense has been changed to Defense Civil Preparedness Agency, your local Civil Defense Director and staff have combined their efforts to achieve total coordination between all local departments.

We hope that Newmarket is prepared if an emergency or a major disaster strikes.

Emergency means any hurricane, tornado, storm, flood, earthquake, snowstorm, drought, fire, explosion or other catastrophe.

Major Disaster means the same as emergency, except that major disaster assistance is needed if the President so determines.

The function of all local departments is to assist in any of the above. It is the Civil Defense Director's job to coordinate the work of these departments.

NOTES FOR '75

Richard (Dick) La Branche is the coordinator between the Civil Defense Director, the Selectmen, and the Departments.

The necessary Civil Defense requirements have been met to comply with the State Civil Defense Headquarters.

The Emergency Operating Center at the Firehouse has been updated by having the local radio, fire radio, and telephone lines from all departments hooked up so that all calls can be answered at the Firehouse in time of emergency.

We wish to thank all for their support in 1975.

Respectfully submitted,
GEORGE HAUSCHEL
Civil Defense Director
ALBERT CASWELL, SR.
Deputy Director
RICHARD BERARD
Deputy Director

ANNUAL REPORT OF THE HOUSING AUTHORITY

1975 has been a busy year for the Housing Authority. The spiraling costs of utilities created a constant struggle trying to keep on an even level.

Our fifty units have been constantly filled and we have a waiting list for both elderly and family units. We make every effort to keep the project in an attractive and desirable condition. Our tenants have often expressed their happiness in being able to maintain their own homes in comfortable and adequate housing.

1975 saw several changes. Mr. Jorn C. Munroe, Executive Director, resigned in September after several years of faithful and devoted service. Ms. Margaret S. Volk, Administrative Assistant, submitted her resignation in December to accept another position. Mr. Alberic Loranger's term as Commissioner expired in November and that vacancy has been filled by Mr. Dan Mitchell.

The Commissioners hope that all elderly people and families desiring low-income housing will visit the office at Great Hill Terrace to discuss their needs with the office staff. We will make every effort to maintain the high standards of this fine program.

Respectfully submitted,

WALTER P. SCHULTZ

Chairman

EDWARD TOURIGNY

Secretary-Treasurer

MARION GRISWOLD

CLIFFORD ABBOTT

Housing Authority of the Town
of Newmarket, New Hampshire

1975 ANNUAL REPORT OF THE BUILDING INSPECTOR

In 1975 the U. S. Building Trade survey indicated no substantial gains in the construction industry; in fact, many areas showed a definite decline from the previous year.

This country's unstable economy with inflation and high interest rates has forced "big money" developers to take a hard second look at future construction plans. Inevitably, plans on the drawing board were modified or torn up, new construction was suspended, and in some areas entire programs were scrapped.

This overall trend also holds true for the town of Newmarket, and 1975 is almost a carbon copy of 1974.

The "Carpenter Housing Project" was scrapped by the first contractor after many months of planning and a large financial investment.

A second contractor picked up the Carpenter option, and after months of planning, still hasn't turned over a shovel of dirt.

Walter Cheney's housing project on North Main Street has culminated to a "Lots for Sale" sign. The "Sliding Rock" project which started three years ago, shows only periodic pipe laying and bulldozer work on road construction.

A 50 unit development on Route 108 has received approval for construction, but still no ground breaking is visible.

It's interesting to note when comparing the 1974 and 1975 figures how the economy has directly affected the volume and cost of construction.

Although 11 homes were built in '75 versus 9 homes in

'74, this figure is far from the 33 homes built in '73. The average assessed value for 9 homes built in '74 was \$18,400; in '75 the average value for 11 homes was \$26,834; a .31 % increase over 1974.

The average assessed value for 12 trailers in '74 was \$7,157; in '75 the average value for 11 trailers was \$7,557; an increase of .05 %. As of April 1st, the average assessed value for 119 trailers (including 41 lots) was \$8,362.

The average assessed value for 130 apartment units constructed within recent years is \$11,979.

Although applications for Building Permits increased in '75, a decrease is noted in Permit Fees and total Cost of Construction. In keeping to improve the workings of the ordinance, a decrease in permit fees can be attributed to a ruling by the Selectmen, that no fee will be charged for any new construction under \$500.

From day to day new problems arise as we strive to implement zoning and improve the quality of life in Newmarket. The problems we face today were not entirely created by us, but by those of past generations. If we are to resolve inherited mistakes, occasionally some personal sacrifice must be made. What is best for the community should be the first consideration, but we must be considerate of our neighbor and respect his wishes.

If we are to make Newmarket a better place to live in, we must equally share the responsibility and be responsive to change, so our children and generations that follow, will be proud of the environment which we create today.

Building Inspector

AMBULANCE CORPS REPORT

In last year's report it was noted that a committee was actively working on plans to purchase a new Ambulance to replace our 1966 Cadillac. This committee spent many hours looking at different type vehicles, trying to decide which type would best meet the needs of our corps and the Town of Newmarket. Right now we are leaning toward a modular type vehicle called a Car-O-Van. This vehicle is built on a Van Chassis.

It was also noted in last year's report that we hoped to get Federal Funds to help purchase our vehicle. I am happy to report that we have applied for, and at this time have been almost assured that we will be receiving approximately \$8,650.00. Training, as always, is something that takes a lot of the spare time of our volunteer members, and this year was no exception. Well over a thousand hours, were spent in outside training. This training consisted of Emergency Medical Technician (EMT) courses for the new members, Cardio Pulmonary Resuscitation (CPR) classes and an EMT refresher course for the older and original members of the Corps. This refresher course was the first to be held in the State of New Hampshire. Besides this training, an in Corps training session is held once every month.

Again this year the Ambulance Corps participated in a number of town functions. Ambulance coverage was provided at Tre Horse Show at Beaudets Farm, The Turkey Shoot at the Schanda Farm, The Annual Sidewalk Fair, Blood Drawings, and at the Newfields Fair.

For 1976 we have a Committee that is working to find a site for housing of our Ambulance. Also, we will be spending many more hours in training and advanced training as courses become available.

In closing I would like to invite anyone who would like

to join the Newmarket Ambulance Corps to contact me, or any member of the Corps. Our business meeting is held on the first Monday of each month and any prospective member is welcome to attend.

EMERGENCY NUMBERS FOR THE

<i>State and District Representative</i>	Edward Tourigny

CONSERVATION COMMISSION REPORT

The Conservation Commission continued the park and shade tree program planned in 1974.

The first small park was put in on Main Street. Two benches were purchased along with a tree, shrubs, vines and perennials.

Two Washington Hawthorne trees were donated for the Bicentennial celebrations in October. One was dedicated in honor of the Bicentennial Year and the other in honor of Newmarket's 250th birthday celebrations coming up next year. Ten other trees were planted on Main Street, South Main Street and Gerry Avenue.

Mulch and fertilizers will be purchased and applied in the Spring.

Some of the saplings planted in the town tree nursery in 1974 are nearly ready for transplanting. The evergreens that are ready will be transplanted around town in the Spring.

ANNUAL REPORT OF THE RECREATION AND PARKS DEPARTMENT

On October 6, 1975, James A. St.Onge started his job as Recreation and Parks Director, for the Town of Newmarket. Mr. St.Onge is a graduate of the University of New Hampshire, who majored in Recreation and Parks Administration. Mr. St.Onge was hired under the Manpower Program, on a 38 week basis, to help the town organize and create a functional Recreation and Parks Department. Being the sole employee of the department, at this time, Mr. St.Onge has found himself in a position to encounter the task of filling many different roles in the department. Mr. St.Onge has been developing administrative procedures, programming, maintenance tasks, and the overseeing of the New School Recreation Project.

Administration—Three University of New Hampshire, Recreation and Parks graduate students; John Pike, Eugene Clark, and Michael Peltz, with the help and guidance of Mr. St.Onge, and Dr. Gus Zaso (Chairman of the University of New Hampshire Recreation and Parks Department) have worked hard on creating an administration handbook, from the beginning of October to the end of December. This handbook should help organize and establish the administrative process for the department. The handbook comprises 104 pages of much needed information, to help create and establish this department. The handbook contains an operational policy manual, historical town background, social-economic background, an inventory of areas and facilities and possible program use, and even job descriptions and enabling acts for establishing a recreation and parks department. Many thanks, to the people who donated their time for the purpose of interviewing and getting acquainted, and of course to the university students for their fantastic job on compiling the handbook. The hand-

book has given the department a source to work from for the future.

Programming—The department feels that its first concern or priority to the community in programming is to provide an active organized youth program. The department has started by forming a Youth Activities Council, comprised of twelve members from St. Hary's Youth Group, Community Church Youth Group, and the Student Council from the high school. The council members range in grade levels from seventh to twelfth. The Youth Council is considered to represent the youth of the whole community at large, and hopes to create recreation programs for their age group, under the direction of Mr. St. Onge, and with the help of Raymond Leblanc, Father Bruni, and Reverend Estes. Temporary indoor facilities have been provided by the St. Mary's Parish Council and the Community Church for Youth Activity Functions. The facilities which have been offered are very much appreciated until the council can locate a permanent facility. The Youth Activity Council's first function will be a dance at St. Mary's School on February 7, 1976. This dance and possible future dances, hopefully will provide the council with funds to operate in the near future.

Maintenance—An ice skating rink has been built on the corner of Elm Street and Cedar Street. The rink has hopefully gotten a good share of the youths in the community off the always dangerous rivers. The rink has been maintained by the Recreation and Parks Department with the help of the Public Works Department. The rink is temporary for this winter, for there are plans to expand and enlarge it for next winter.

School Recreation Park—Progress at the New School Recreation Site has been slightly slowed up, due to the drainage problems encountered and the inclement weather we experienced in the Fall. When work subsided the beginning

of December, because of snow, the following construction efforts had either been finished, started, or near completion:

1. A good portion of the subgrading has been completed.

With good weather and conditions in the Spring, it should be completed quickly.

2. Sanitary line has been completely laid to the multi-purpose building.

3. Water line has been completed, and laid to the multi-purpose building.

4. Direct electrical cable has been run from the street, to the terminal at the multi-purpose building.

5. All eight footings have been completed, and are ready to have the poles installed in them.

6. The drainage problem has been solved by creating a drainage ditch.

7. All equipment has been ordered and is standing by to be used to complete the project.

The construction firms will try to get onto the site as early as possible in the Spring, to finish their work. To have the project completed by the original date of April 30, 1976, we will need a very good Spring, but the project is not far behind this date. A definite date for completion and use of the area cannot be determined at this time. All the construction firms are ready to get back on the project in the Spring.

The Recreation and Parks Department has operated with no budget for the year of 1975. In 1976 look for some active involvement by this department to establish and

provide active recreation programs, and better parks and facilities for the community.

Many thanks to the Public Works Department for their help and cooperation with the Recreation and Parks Department.

Respectfully submitted,

JAMES A. STONGE

Recreation and Parks Director

OYSTER RIVER HOME HEALTH ASSOCIATION

Since its inception in 1967, the Oyster River Home Health Association has grown from one nurse serving three towns (Durham, Lee and Madbury) to an Administrative Nurse, one full time nurse, two part time nurses and a half time bookkeeper secretary serving four towns (Durham, Lee, Madbury and Newmarket). We continue to contract for the services of a Physical Therapist. The Board of Directors is made up of five representatives of each town and standing committees include representatives from related professional fields.

We continue to receive support from the four towns and supports from the State in the fields of Maternal and Child Health, Aftercare Program, Bureau of Communicable Disease Control and Dover Family Planning.

Our widest growth in the past year has been in the field of Maternal and Child Health. Our child Health Clinic meets the third Monday of each month above the Newmarket Fire Station and the attendance has been particularly large in the past year. Dr. William Whitney who has been the Pediatrician with the Clinic since its beginning will be leaving us this year and will be replaced by Dr. JoAnna Munger who also practices in Exeter. We have also added the services of Judy Hallisey who is a Pediatric Nurse Practitioner. This has enabled us to serve a larger number of children at the clinic as well as to provide greater follow-up for those children and families who need this.

We continue to have our Dental Screening Program which was started last year. This seems to have a firm basis now and we are offering the service to all of our children

who are enrolled in the Child Health Conference who are between the ages of three and six. We hope to have these clinics at six month intervals and we will refer the children who need further dental work to local dentists who are co-operating with the program.

We continue to see all patients referred to us by physicians, hospitals and many other sources. Our working day is from 8:00-4:00 and we can usually be reached by phone most any time due to the enlargement of the Staff. However, we ask that those with medical questions or requests for visits be phoned in between 8:00 and 9:30 when there is always a nurse in the office. The only exception to this is the third Monday when all the nurses are involved in the Child Health Clinic. However, the secretary is in the office on that Monday all morning.

Inservice Education also plays a vital part in our Agency. One of all of the nurses attend conferences and meetings where information is being dispersed which will make our Agency better able to serve all of the needs of the Community.

Along with Town and State support, the Association is supported by tax deductible contributions from organizations or individuals. Many donations were received in the past year as memorials to Harry Allen and Dorothy Hraba. We also receive fees from our patients either from health insurance or from the patient himself. All fees are scaled to meet the financial receipts from any patient paying for his own care. Continued support from the towns at the 1976 Town Meetings is anticipated.

The current Executive Committee is made up of William Prince, President; Mrs. Roy Kent, Vice President; Mrs. Russell Harmon, Secretary; and Dr. Everett Sackett, Treasurer.

Mrs. Eleanore Evans also serves on the Executive Committee, representing the town of Madbury.

The present office staff finds Linda Gill, RN as Administrative Nurse; Mary Ellen Norcross, RN, full time nurse; Suzann Griffith, RN and Brenda Jackson, RN, as part time nurses; Gail Childs as Bookkeeper-Secretary and Lillian Charron, RPT is our Physical Therapist.

STATISTICS JULY 1, 1974 - JUNE 30, 1975

<i>Town</i>	<i>Disease Control Visits</i>	<i>Disease Intervention Visits</i>	<i>Disease Prevention Visits</i>	<i>Patients Not Found</i>	<i>%</i>
Durham	553	105	39	42	40 %
Lee	185	35	22	12	12 %
Madbury	4	10	4	7	1 %
Newmarket	832	103	41	56	47 %
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
	1574	253	106	117	

The Physical Therapist made 260 visits in the town of Durham; 50 visits in the town of Lee; 0 visits in the town of Madbury and 101 visits in the town of Newmarket. This makes a total of 411 visits for the fiscal year—an increase of 39 visits over last year. The majority (217) of these visits were to patients over 65 years of age.

As is projected in the town report above, 1,933 visits were made in this calendar year. This does not include the “Not found” visits which can take up much of a nurse’s time. Last year, we made a total of 1,531 visits so we have an increase of 402 visits for this year. Again, as in the case of Physical Therapy, the majority of the visits are to patients over 65 years of age (1,240).

The nurses must fill out forms each day with their activities. The figures on these forms are tallied and a report of our Agency's activities goes to the State each six months.

The following is the percentage of time spent in each "Working Activity" of this Agency.

Skilled Nursing Visits	77 %
(Travel, Visit Time, Charting)	
Clinics & Conferences	10 %
Staff Development & Inservice Education	11 %
Community Activities	2 %
(Includes Quarterly Board Meetings)

	<hr/>	<hr/>	<hr/>
Totals	\$ 20,892.61	\$ 30,151.89	\$ 34,560.00

Although each of the past two years show increases, we had several years with losses preceding. As of this writing, our expenses are greater for the 1975-76 year than the income. With the rising costs in all departments, we will use this increase up rather quickly. We are also looking into new programs in order to better serve the four towns and each new program will be an expense to the Agency.

NEWMARKET DAY CARE CENTER REPORT

SEPTEMBER 1, 1974 — AUGUST 31, 1975

We opened in September 1974 with an enrollment of approximately 75 and a teaching staff of 15 including Work Study from UNH and supplemented with an active volunteer program. We must hold a ratio of one staff person to every seven children.

Our two main objectives for the year were obtaining a new building here, and opening the Satellite Center in Exeter.

The Exeter Satellite Center opened January 6, 1975, and Manpower Agency monies were used to staff the center. The enrollment was 50, continuing at this rate the rest of the year.

No solution for a new building has yet been found.

We received county monies in the amount of \$7,500.00 which were used for matching funds.

Tre Sidewalk Fair, chaired by Betsy Davis was again very successful.

In June, Ms. Patricia Bernier, a very loyal and dedicated person to Day Care, resigned as Director. She was replaced by Ms. Marcy Anderson in July.

Our Day Care cannot continue without the assistance and cooperation from all citizens in Newmarket. It is with this in mind that we urge you to come and visit to see what fine things are accomplished by the very existence of the Newmarket Day Care Center.

As of January 5, 1976 a new bookkeeping system (simplified) has gone into effect with one set of books for Newmarket and one for Exeter. The program coordinators will be responsible for recording attendance and the payments. Each child now has a coded receivable card with all information pertaining to him or her on the card.

Our filing system has and is being restored to some semblance of order. Also, we have a new secretary/bookkeeper, Ms. Janet Grieco, who replaces Judith Tarleton, who left December 23, 1975. Accounts payable are being carefully audited on a daily basis.

The new cook in Newmarket, Mary (Penny) Wyzynski, is replacing Terry Delp. We have coordinated the menus between the two centers and find purchasing and control much easier. Judy Hyslop has been extremely helpful both to Penny and myself. They attended the food conference in Concord on January 8, 1976.

We shall have higher rates per child, per meal. Also, our cook and possibly an assistant, will be funded by the new program. Allowance for gas and electric will also be available, which means more and precise bookkeeping but will prove to be advantageous in the money end.

We have been notified that a full federal audit, including environmental, of the Rockingham County day care centers (specifically) will be underway sometime in January.

The Newmarket Center was cleaned and painted over Christmas vacation by volunteers. The Exeter Center will be cleaned January 24, 1976.

Our Newmarket Sidewalk Fair, sponsored by both centers, has a chairman, Bob Carroll.

The Durham Community Church donated \$500.00 to the Newmarket Center for basic support in 1975. A thank you by phone, then a written one was sent. The Council should send one also. Exeter has had two donations.

The county appropriation of \$32,000.00, requested by the Association of Day Care, was approved. Our United Way request for \$6,000.00 could not be met, due to deficit in their goal. However, we are receiving \$3,000.00.

The booster for the dishwashing machine in Newmarket has been installed. Bill Dix has the final touches to put to it and we are in business.

Our proposal to the state is presently at the Attorney General's office. As to the meaning of this, we really don't know. I'm in constant contact with Nick Baldwin in Concord on this.

Respectfully submitted,

NANCY A. RICHARDSON

Executive Director
